Travelcorp Testimonial

June 2008

BNP Paribas has engaged Travelcorp as our Travel Management Company for nearly 3 years. During this time, Travelcorp has provided an outstanding service in all areas. Our service levels are always met; any issues that we have are dealt with and resolved within 24 hours; and we are rewarded with hard-working yet always pleasant consultants. Travelcorp keep us up to date with industry related matters and constantly strive to improve their service to us (ie, improvements on the OBT, recommendations to our travel policy). They are always willing to assist us with our contracts with various airlines and hotels and continue to show a high amount of initiative towards our account.

We have no regrets at all with our decision to make Travelcorp our TMC and look forward to a long and lasting relationship with them. We have no hesitation in recommending them to any other company that is reviewing their TMC situation.
